14. Please rate the activities:

We also gathered useful feedbacks and suggestions from fellow postgraduates. These suggestions include constructive feedbacks for past activities, suggestions on activities and services that PGSA can provide, as well as how PGSA can better serve the postgraduates. We also note that there are some areas that we can improve and we thrive to make them better. We will look at and work on the issues and problems. For the issues that involve the university, we will communicate with the relevant personnel directly and through the representatives in various university committees. We thank you for your participation and together we can enhance the campus life of postgraduates in HKU. If you have any further feedbacks or wish to talk to us, feel free to do so by dropping us an email.

PGSA Orientation 2013

PGSA Orientation, one of the biggest events in the coming academic year, was launched at the beginning of the new semester. The orientation program included several activities.

HKU CEDARS Orientation 2013 – Parallel Session for PGSA was held on August 30, 2013. General information about HKU and PGSA was introduced to new postgraduate students during the session. Professor Ben Young, the Assistant Dean of Graduate School gave a welcome speech to briefly introduce the postgraduate life in HKU. Ms. Yu Miaomiao, the President of PGSA, gave lecture about the history and nature of PGSA as well as the current Executive Committee and the planning of activities in 2013-2014. Mr. Xu Siyang, the outgoing President reviewed the previous activities held by PGSA during 2012-2013 and shared experience and tips of HK and HKU life. Ms. Elaine Chan, the Clinical Psychologist of CoPE, introduced the service of CoPE, including the person enrichment workshops and programs.

During the orientation, PGSA set up counter at Run Run Shaw Podium for *New Member Recruitment*. The PGSA Member Online Registration System was opened to use this year. PGSA's first formal membership cards were distributed among our members from this year. With the effort of EXCOs and helpers, PGSA recruited about 450 members this year. All new members received Welcome bags which contained PGSA notepad, PGSA envelop and other souvenirs.

The *Notebook Ownership Programme* continued to run this year. It provided considerable discount of notebook to all postgraduate students. Three phases of roadshow were held on campus during September. Online order system was also available. The notebooks can be collected started from October.

72 new members joined the *City Tour* on September 7, 2013. It was a small trip started from the east gate of HKU, then to central, and ended at the Stanley Bay. This tour helped the newly admitted postgraduate students to explore the beauty of Hong Kong.

About 90 new members participated in the *Welcome Party* which was held in Global Lounge on September 9. With the interesting small games, the party provided a good chance for new postgraduate students to meet new friends and to get to know each other.

Sparking Biotech Innovation in South China: What Role Does Hong Kong Play?

The Great Learning Forum entitled “Sparking Biotech Innovation in South China: What Role Does Hong Kong Play?” was co-organized by PGSA and OBR-HK chapter and held on Tuesday, 29th April, 2014 in the Rayson Huang Theatre at the University of Hong Kong. We brought together venture capitalists, industry leaders and

entrepreneurs from both Hong Kong and Mainland China. Here are the panel members: Reinhard Renneberg, *Professor in biotechnology in HKUST*; Stephen Lee, *Partner in Ventac Partners*; Eddie Ching, *Manager in Biotech Cluster, Hong Kong Science & Technology Parks Corporation*; Xueping Chen, *Co-founder, Director and CTO in Vitargent International Biotechnology Limited*; Mingjie Zhang, *President in Shenzhen HANK Bioengineering Limited*. The panel discussion was followed by a networking reception with food and refreshments. With students, postdocs, and faculty from HKU, HKUST and HKCU, as well as industry professionals from local startups, biotech companies, and venture capital firms, this event provided an amazing opportunity for all to have a freely open discussion on the future of biotech in Hong Kong.

Dating Workshop for Postgraduate Students

Are you longing for a dating relationship? Are you clear about what you expect in a relationship? In April 2014, PGSA invited Ms Elaine Chan, Ms Olivia Jung and Heidi Tseng from CEDARS to provide a dating workshop for our postgraduate students. In this three-hour workshop, Ms Chan provided professional advices on how to develop and maintain a healthy relationship with one's boyfriend/girlfriend, and answer to the questions in a relationship. Fellow postgraduates students got know more about (i) how to get a better self-understanding about expectation on lover relationship, (ii) gender differences and (iii) communication and interpersonal skills.

Crossing Borders with Dance

In April 2014, the Postgraduate Student Association (PGSA) in association with CEDARS presented “Crossing Borders with Dance”, a unique dance workshop series. We had invited dance professionals from Indian Dance, Belly Dance and African Dance to organize workshops at HKU for free!

Below are short descriptions of our dance instructors and photos from our dance classes:

Indian Dance

Oxana Banshikova is a Bharatnatyam performer, teacher and choreographer from Kazakhstan. She is a scholarship recipient from the Indian Council for Cultural Relations and was awarded a Diploma in Bharatnatyam Classical Dance from the world famous Kalakshetra College of Fine Arts (Chennai, India) after completing a four-year course. She has also received a diploma in Nattuvangam (rhythmic dance accompaniment) from Kalapeetam Music School (Chennai, India).

African Dance

Oulami Sooj, established in early 2005, the African Drumming and Dance Connection Company was set up to inspire people to learn about African culture and art, with a mission to honour African rhythms, make beautiful music and dance. Director Makha Diop was born and raised in Senegal, West Africa where he grew up playing djembe, a traditional African drum, and other percussion instruments. Makha progressed quickly with his drumming and soon became a member of the Africa Djembe group. This unique and talented group of drummers regularly plays at local and international festivals, and has performed in front of many famous people, including Bill Clinton, Nelson Mandela and Pope John Paul the second, who visited Makha's hometown, Goree Island.

Belly Dance

Suzette Ackermann was born in Durban, on the East coast of South Africa. She found her passion in dance, theatre and music from a young age. She started her dance training in ballet and later moved on to modern and contemporary stage, while studying theatre. Suzette is well known for having her own personal style, a blend of traditional with new. She believes that dance is a celebration of life, a way of expressing oneself through movement in a more artistic way, rather than dancing for ego or competing to be the best.

“Insight of Financial Sector” – Youth Career Development Forum

Do you aspire to join the financial sector and want to know the career tips about it? Do you want to set up your own business after graduate? Staying and studying (and for most locals growing up) in Hong Kong, we are all familiar with the sector as Hong Kong is the financial hub in Asia and one of the top world financial centres. For many graduates, financial sector is their first aim in career.

In this forum, postgraduates have met the tycoons in the industry. The speakers shared their successful experience from practice and offered advice for entering the sector in career planning. Moreover, they offered their view on the development of financial sector in the post-financial-crisis period. For those who have interest in setting up a business, they could also find out how investors assess a new business.

Below is the list of guest speakers:

1. **Mr. Fang Fang (方方)**, Former Asia Vice Chairman and CEO of China, J.P. Morgan Investment Banking;
2. **Mr. Zeng Xiaosong (曾曉松)**, Partner and Head Greenwoods Asset Management Hong Kong;
3. **Ms. Yang Xiaodan (楊小丹)**, Assistant General Manager, China Life (Overseas);
4. **Ms. Ren Pinjie (任頻捷)**, Co-founder, Talker Inc;
5. **Mr Hou Anyang(侯安揚)**, Investment director of Front Sea Asset Management Ltd. In Shenzhen;
6. **Ms Candice CHEUNG**, Senior Student Advising Officer, CEDARS, HKU

HKU-PGSA Career Workshop: Step on Career Path in Hong Kong

It's our common desire to start our career in Hong Kong after graduation. However, few of our postgraduates are able to achieve this goal when leaving the university. Hence, Postgraduate Student Association organized PGSA career workshop & alumni sharing in December 2013 to help current postgraduates and provided career-related resources and experience. We invited Mrs. Jean Brokeshire, Chief Student Advising Officer from CEDARS, to give us a plenary talk about resources and guidance in job hunting.

Lots of data and statistics were included in her lecture concerning past employment status of postgraduates. Candidate employers of postgraduates from different disciplines were also listed in the presentation. The information she conveyed was so popular that we needed to provide a Google Drive link to share her presentation slides with the audience.

Our second speaker was Mr. Liu Dongbai from Gangpiaoquan. After introducing activities held by Gangpiaoquan, he also shared personal experience as a graduate from Hong Kong Baptist University and how he managed to find a job in HK. Also, he gave advice for fresh graduates to set sail for career. After tea break, all participants were grouped together with our six alumni, who shared their experience and perspectives in job hunting, and exchanged their views on issues of common interest. The workshop started from 10am and ended three and half hours later, about 90 postgraduates were attracted to join our event, which is rare for an activity held in Sunday morning, especially during examination period.

With the positive feedbacks from audience, such service by PGSA career workshop will be continued in the coming semester. See you there, dear friends!

The Volunteer team

The social program office of HKU PGSA established a volunteer team in March, 2014 to set up a close link with society and try to serve the community at large. We encouraged students to involve in community services, environment protection and so on actively through joining our team. In one way, students are taught how to apply their professional knowledge and skills to the public and also, they share the spirits of sacrifice and devotion. This team at the same time is treated as good image and reputation of PGSA, like a window to the outside.

After sending out enrollment form to all postgraduates, we got hundreds of responses and only 50 of people were admitted to the team by our selection criteria. The finalists are not only the students who are keen on volunteer work and willing to sacrifice, but also the ones who are capable in the planning, organization and implementation of the service projects.

By far we have successfully held several activities since its establishment; here we concluded some highlights of them.

- Glass Bottles Recycling in Lan Kwai Fong

Environmental protection is a practice of protecting the natural environment on individual, organizational or governmental levels, for the benefit of both the natural environment and humans. In HK, there is a fact that the landfills are almost full and it is appreciated if all the wastes can be recycled. Under the cooperation with "2G Together" (同心網絡), our first activity "玻璃回收建明天" was held on 4th, April. With the instruction under the responsible officers from them, we collected about 1T empty bottles and had a better understanding about how does bottle recycling function in HK.

Here is a link for you all to know about this project:
<http://glassrecycling.hk/>

- Recycled Glass Bottles Painting Workshop

It is essential to cultivate the children with awareness of environment protection so that we conduct a painting workshop by using our recycled glass bottles. Our second activity "玻璃繪畫工作坊" was held on 12th April. After all our team members gathered in Sai Wan, we helped to initiate the workshop beside the road. The responsible officer from "同心網絡" gave us a briefing before the formal commence and then allocated us the duty according to our preference. Some of us were charge of the project promotion to the public, while others were helping in color drawing with children. Our activity ended up in the afternoon and the children were very satisfied with this meaningful workshop.

- Easter Egg Painting Workshop on Easter Day

With the quickening pace of daily life, parents spend fewer and fewer time with their children. In order to enhance their accompanying time, we conduct a painting workshop again for children on Easter Day. The activity was to assist the kids paint their own Easter Egg at Sai Ying Pun Community Complex. 15 of us joined to work with other local service crew to deliver this workshop. Four sessions of painting were carried out from 11 am to 5 pm with near 100 children participated. Everybody there including the kids, their parents and also ourselves enjoyed the process a lot, you can see their happy faces in images attached below.

- Community Service

Community service allows those participating to reflect on the difference they are making in society. Some participants of a community service project may find themselves gaining a greater understanding of their roles in the community, as well as the impact of their contributions towards those in need of service. With a land mass of 1,104 km² and a population of over seven million people, Hong Kong is one of the most densely populated areas in the world. Hong Kong's population is 93.6% ethnic Chinese and 6.4% from other groups. The unison for people from diverse races is an important part in the community and this time we hold a community unison party to enhance the relationship and create a favorable atmosphere for people coming from different countries living in Hong Kong Island (mainly living in the Centre, Sai Wan and Sheung Wan). This time, the activity is sponsored by HSBC(Hong Kong and Shanghai Banking Corporation), 2GTOGETHER(同心網絡), YWCA(Young Women's Christian Association) and so

on. In the party there are dancing & singing performance, games, instant photography and the work for volunteers are props preparation, game place arrangements, event photographing etc.

We are looking forward to your participants in us upon our team restarts again in September!!!

University Lodge Visit

The “PGSA University Lodge Visiting” was successfully held on Saturday, March 1, 2014. Honorable guests attending this event included Vice-Chancellor, Professor Lap-Chee Tsui; Dean of Graduate School, Professor N. Rao; Associate Dean and Director of Examinations of Graduate School, Professor M.L. Chye; Associate Dean and Programme Director (Outreach) of Graduate School, Professor B. Young; Registrar, Mr Henry Wai; Dean of Student Affairs, Dr Albert Chau; Director (counselling and Personal Enrichment) of CEDARS, Dr Eugenie Leung; Director (Campus Life) of CEDARS, Mr Patrick Tang; Director (Careers and Placement) of CEDARS, Ms Jaime Fung; Head of Research Services, Ms Ivy Mak; Administrative Assistant of Graduate School, Ms Wendy Ho; Master of Graduate House, Professor Billy Chow; Warden of Morrison Hall, Dr Kenneth Leung; Master of Residential College, Dr Sarah Liao; and Deputy Master of Residential College, Dr Albert Ko.

The “PGSA University Lodge Visiting” has been a conventional event of PGSA since 1993. It aims to provide postgraduates a unique opportunity to interact and communicate with the Vice Chancellor, distinguished professors, student affairs directors as well as PGSA Executive Committee members on issues which concern them or on matters you would require clarity in a friendly environment.

The tea gathering begins with welcome speech from Professor Lap-Chee Tsui and the Chairperson of PGSA, Ms. Yu Miaomiao. Further to this section, the “PGSA Talk” was held between Vice-Chancellor, invited guests and postgraduate students. Topics in this dialogue included the University’s development, Campus Life, Student Welfare, and Career Development. All the distinguished guests and postgraduate students had a wonderful time that afternoon.

Joint-U Party: “Key 2 Love”

On Saturday, Nov 30th 2013, the University of Hong Kong PGSA in collaboration with the Chinese University of Hong Kong CUPSA, and the City University of Hong Kong CUPA successfully held a joint university single party “Key 2 Love”. Over 200 students from the three universities actively participated in this party and shared a wonderful night!

Nine male guests and nine female guests were recruited from the three universities for a “blind date” in the party. Guests used selected “keywords” and video to show their personalities and to attract potential lover. Q&A was also allowed to help guests knowing each other. In the last session of “Mutual Election”, the males and females, standing in a row respectively, were asked to write down 1~2 person(s) he/she admired on the paper. Couples would be made if the results from the male and female coincide. Finally, four “couples” were successfully matched. They not only stood out and accepted benediction from all the audiences, but also received “kick-off bags” with gifts to support their first date! Besides, the highest number of being voted guests got the Most Popular Award.

This Joint U party had achieved big success and got good response. Through the activity, we realize that postgraduates are really in need of these activities to enlarge their circle of friends. We will continue to offer this kind of platform for communicating and making friends and to enrich the life of Postgraduates.

International Liaison

The international Liaison Office is responsible for hosting delegates from other universities and helping in promotion for activities held in other universities. Below are some of office's activities last year:

On July 22, 2013, the International Liaison Office of HKU hosted 25 representatives from the postgraduate associations of Zhejiang University of Technology. Schedule included campus visit, introductions from PGSA (By president Ms. Miaomiao Yu) and the visitors, gift exchange, discussions about the PGs' study and society construction.

During Oct 18-20, 2013, PGSA president Ms. Yu Miaomiao and IT officer Mr. Wu Wilson attended the First Graduate Academic Forum of Shen Zhen University.

On Nov 21, 2013, PGSA hosted 43 visitors (including postgraduates, academic staffs and professors) from University of Riau, Indonesia. PGSA arranged campus visit for them. A meeting session was held. The Vice-president Mr. Zhang Alvin gave a briefly introduction about PGSA and then followed a discussions about the PGs' study and society construction.

Membership & Alumni Affairs

In the 2013-2014 academic year, the Membership & Alumni Affairs Office operated smoothly as before. The main duties for the Office include: to enter information of newly recruited members in the Orientation period, to manage and update information of members in the year, and to provide information support when needed. In particular, when the PGSA calendar was distributed and the PG Day was held, membership information became significant in the operation. Information support from our Office helps a series of activities to be more successful.

At the same time, two online platforms, PGSA's Facebook page and Weibo, are both managed by our Office. Not only have we conveyed the message to our members, but also we have succeeded in establishing a preliminary network for PGSA's development in the future.

Minion on Campus and the 1000s of smiles we shared

The Postgraduate Student Association kick started two big initiatives at our University this year; namely, "The Postgraduate Day" and "Share a Smile" Campaign.

The Postgraduate Day:

A day for our fellow postgraduates to get special gifts which can serve as souvenirs to our dear outgoing postgraduates and something to cheer for our current postgraduates. On this day, you also got an opportunity to take a photo with a heartthrob animation character of the masses along with fun filled activities throughout the event. The gift set consists of a string bag, a 80 page long notebook, a 5 in 1 multicolored highlighter pen and a combo sticky note set. We also reserved 400 specially designed heat-activated Mugs for PGSA members along with the gift set.

Share a Smile:

"*You'll find that life is still worthwhile, if you just smile.*"

- Charles Chaplin

The only thing on Earth which we can share without losing anything is our smile. The idea of the campaign is simple, "*Smile at strangers and you just might change a life.*" - Steve Maraboli. It is understandable that smiling at total strangers is difficult but why not with people on the HKU campus? Why shouldn't we share our smile with our fellow students at the lifts areas, canteens, sitting areas, residential halls and classes?

Within 3 days of starting the initiatives, we have made a few thousand people smile across 3 campuses and more importantly across all ages. In the process of making others smile, we've discovered the kid in every one of us. With positive interaction with others comes insight – with perspective comes self-realization.

As rightly said by Mother Teresa, "*I will never understand all the good that a simple smile can accomplish.*" It is hard to know fully the extent of the effects of our initiative efforts, but it can go without saying that we made a positive impact on the days of many. And who knows, perhaps some of the smiles we gave may have brightened the days of some, who may have even passed it forward with smiles to others.

We discovered that the world holds much more than the materialistic things which we value it for. We saw how infectious a smile can be and how excited people can become; some adults even became like 3 or 5 year old. We have made many friends through these efforts both in the PGSA and out, and we have learned the power of kindness to others. We certainly could afford to smile to friends and strangers alike more regularly.

In addition to that, others that happened this year:

- Great Learning Forum: "How do scientific innovations shape and change our society?" by Mr Richard Fong and Mr Nicholas Brook
- Survey for Postgraduate Hub with Graduate House.

In collaboration with Graduate House, we had a survey to gather views from the Postgraduates on how they would like the Postgraduate Hub will be. The Postgraduate Hub is currently under renovation and lets us look forward to the new Postgraduate Hub in the new semester!

- Research Integrity Survey

We also had a research integrity survey this year. The results had been sent to the Graduate School for their attention.

- Free calendars for year 2014
- HKU Postgraduates Careers Day co-organized with CEDARS and HKU CSSA.
- PGSA-Nepal Cultural Night co-organized with Consulate General of Nepal.
